Professional Summary

Experienced Database Developer with 7+ years of expertise in designing, developing, and managing relational and NoSQL databases. Skilled in SQL, PL/SQL, MySQL, PostgreSQL, MongoDB, and performance tuning. Passionate about database optimization, ETL processes, and data security to ensure efficient data management.

Skills

- Database Design & Development
- SQL, PL/SQL, T-SQL, NoSQL
- Data Warehousing & ETL (Extract, Transform, Load)
- Query Optimization & Performance Tuning
- MySQL, PostgreSQL, SQL Server, Oracle
- MongoDB, Cassandra, Redis
- Data Modeling & Schema Design
- Stored Procedures, Triggers, Indexing
- Cloud Databases (AWS RDS, Azure SQL, Google BigQuery)
- Database Security & Backup Strategies

Work Experience

Database Developer | ABC Tech Solutions | Jan 2018 - Present

- Designed and optimized relational databases for enterprise applications.
- Developed stored procedures, functions, and triggers to automate workflows.
- Implemented data backup and disaster recovery strategies.
- Improved query performance by 40% through indexing and optimization.

SQL Database Administrator | XYZ Software Inc. | Jun 2015 - Dec 2017

- Managed SQL Server databases and optimized complex queries.
- Developed ETL pipelines to migrate data between databases.
- Ensured database security compliance and managed user access.

Education & Certifications

- Bachelor of Science in Computer Science - University of XYZ (2015)
- Microsoft Certified: Azure Database Administrator Associate
- Oracle Certified Professional (OCP) - Database Administrator

Projects

- E-commerce Database Optimization: Improved transaction speed by 50%.
- Cloud Migration: Successfully migrated on-premise databases to AWS RDS.
- NoSQL Implementation: Integrated MongoDB for real-time analytics.

Languages

- English (Fluent)
- Spanish (Intermediate)
